

Thinking bathroom?
Think **ravak**®

Leave everyday reality behind
for a while and dive underwater
into our ideal world.

A world where innovative design,
honest work, daily commitment
for the best performance and
craftsmanship are at the heart
of every piece we produce.

The charismatic
solitaire

Yard

Yard won't let things overwhelm you. You simply tuck everything behind the edge of the sink into the recessed storage area. The unique design helps minimize visual clutter. Collection of ceramic washbasins forms a precise unit with the furniture and is also suitable for hanging separately.

Extensive range of washbasins is complemented by selection of bathroom vanity units. Available in a variety of curated shades to meet the needs of individual taste.

The power of attraction

Domino

Give your bathroom an atmosphere of quiet luxury with taps in simple forms and with innovative controls. The minimalist approach to the overall design is based on the basic geometric shapes of the circle and cylinder combined with sophisticated technology and the

use of magnets. Separate controls allow a high degree of individualisation for specific bathrooms. Available in chrome finish, black and matt white as well as the popular brass and titanium colours.

The dialogue
of shapes

Lite

The interplay of perfectly crafted edges with the richness of the interior space creates a symphony of everyday life. A sophisticated series of washbasins made of cast marble and complementary furniture in several shapes and colours.

Thirty different washbasins models ranging from products for smaller bathrooms to large double washbasins.

Furniture in more than seventy model and colour combinations. Available in black, white matt and several curated colours.

The design from which
joy springs

Spring

The fusion of bold yet harmonious proportions with an artistically sculpted lever creates a striking visual impression. A wide collection of perfectly proportioned faucets that combine clean aesthetics with artistic lever design. The precisely graduated slope between the faucet body and lever, as well as its gentle outward curve, softens the overall expression while maintaining a minimalist feel.

Basin, shower, bath, freestanding and concealed wall-mounted taps. All of these models from the Spring series represent an artistic solution in a highly practical presentation. Available in chrome finish, black and matt white as well as the popular brass and titanium colours.

The best colour in the
world is the one that goes
best with your bathtub

Colours

Immerse yourself into a world of colours. A sophisticated concept incorporates matching colour schemes for freestanding baths, bathroom furniture, taps and other

bathroom fittings. Curated colour shades according to individual wishes.

Ravak

Design and the desire to cultivate the environment through design is at the centre of our efforts. Drawing inspiration from the principles of good design as articulated by Dieter Rams, we strive to create products that resonate with our customers, offering both utility and innovation while embodying timeless design aesthetics.

Our dedication to originality and innovation has garnered international acclaim, with our designs receiving prestigious accolades such as the Red Dot, iF Design Award, and Good Design recognition.

With operational bases spanning five offices across Central and Eastern Europe, we proudly export our products to over fifty countries worldwide.

Design

Since the creation of genuine and intricate designs is essential for us, in 2022 one of the most famous Czech designers of today, vrtiška&žák, took over the artistic leadership of our brand. For more than fifteen years they have been running a joint studio, working on commissions for well-known European companies and actively participating in the education of young talents as the heads of the Furniture and Interior Design Department at the Academy of Arts, Architecture and Design in Prague.
